ROSES

Limited production
2019

VARIETIES AND VINEYARD

50% Hondarrabi Beltza

50% Hondarrabi Zuri

D.O.: Getariako Txakolina

Vineyard surface area: a one hectare single plot in Getaria.

Average age of the vines: between 40 and 50 years.

Alcohol content: 11.5%.

Soil: calcareous clay soil. The vineyards are situated at 300 meters from the Cantabrian sea. Low altitude.

Vine training system: 100% arbour.

Viticulture: Integrated viticulture. Guaranteed minimum use of plant protection products. Our work philosophy includes sustainable agriculture and respect towards what we have inherited. We make our wines using grapes from land which is cultivated using certified integrated production methods.

WINEMAKING

The production of our rosé is limited since we have only a small percentage of Hondarrabi Beltza (red grape) among our vineyards. We take great care selecting the grapes for this wine and the harvest is done on one day only, when the grapes are at the optimal point. After destemming, maceration and low-pressure pressing, the grape must is cooled and the sediment is allowed to settle statically. The fermentation process is carried out at 14°C to keep the naturally occurring endogenous carbon dioxide that is produced in solution. Finally, the wine is aged on its own lees for 4 to 5 months.

TASTING

Colour: Pale peach colour with pink hues. Clean and bright in the glass with medium intensity. Fine bubbles owing to the production method.

Nose: Red fruit aromas with fresh intense notes of wild strawberry, cranberry and cherry.

Palate: Silky and appetising start in equilibrium with its natural acidity which provides freshness and a medium finish.

The wine has a light alcohol content and soft and fresh expressiveness, which enhances the qualities of the local red grape.

SERVICE AND FOOD PAIRING

Gaintza Roses is a wine that, due to its captivating aroma, is ideal for drinking without food, enjoying its rosé Txakolina character.

We recommend serving it at 6° to 8°C.

This wine is ideal to accompany appetizers, croquettes, grilled vegetables, rice or chocolate.
